Topics Discussed:
- Name for our platform
- Use cases for the system
- Different actions that will be taken by the users to be interpreted as activity diagrams

Decisions:
- During out first meet, we decided to share with each other the knowledge we had gathered during lecture, on use cases and activity diagrams.
- We listed together the actions that will be taken by each user in our system.
- We listed the use cases for each user.
- During the second meet, we compared the diagrams everyone had come up with and build the resulting final diagram.
- We also brainstormed in order to decide for the platform's name and we decided on WeBlog.

Objectives:
- Research on uses cases and activity diagrams
- Come up with different use cases of our system
- List the different activities of users while using our platform
- Design diagram of use cases
- Design different activity diagrams
